The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

The reissue oath/declaration filed with this application is defective because none of the errors which are relied upon to support the reissue application are errors upon which a reissue can be based. See 37 CFR 1.175(a)(1) and MPEP § 1414.

The "amendments listed in the declaration appears to be mere editorial errors which would be correctable via certificate of Correction instead of by reissue. See MPEP 1402.

Claim Objections

Claims 1-8 are objected to because of the following informalities: the error is: The declaration fails to **specifically** identify the errors of each claim of claims 1-8, which the reissue can be based. Appropriate correction is required.
